

A Caring Pregnancy Center Baby Bottle Boomerang

Overview:

Baby Bottle Banks help create vital awareness of A Caring Pregnancy Center, encourage families to pray for teens, women, men and unborn children served through the ministry, and raise needed funds to support our life-giving programs and services. Church members are invited to take home an A Caring Pregnancy Center baby bottle, place it in a prominent location, fill it with spare change, cash or even a check, and pray as a family for the precious clients served daily at A Caring Pregnancy Center. Banks are then returned to the church on the date designated by the church.

A Caring Pregnancy Center recommends that Baby Bottles be returned 4-6 weeks after distribution.

Instructions for Individuals & Families:

1. Place the Baby Bottle in your home where it will be a reminder to pray for those we serve.
2. Place pocket change, cash and/or checks in the Baby Bottle as an offering to help mothers and their unborn babies.
3. Please include your contact information on the tag attached to the Baby Bottle, and A Caring Pregnancy Center will send you a receipt for your tax-deductible donation.
4. Return the Baby Bottle to your church by the designated date.

Instructions for Churches:

1. Contact Leigh Ann, Office Manager at A Caring Pregnancy Center at office@acpcpueblo.org or 719.544.9321 to request Baby Bottles and to make arrangements for delivery or pick-up of the bottles.
2. Promote Baby Bottle Boomerang prior to distribution (via church bulletin, announcements during church services, PowerPoint slide provided by A Caring Pregnancy Center, etc.). (Materials can be accessed on our website at www.acpcpueblo.org/sanctityofhumanlife)
3. When distributing the Baby Bottles, communicate the date bottles should be returned to the church, typically 4-6 weeks after distribution of the bottles.
4. Leading up to the collection of the Baby Bottles, remind families of the return date.
5. Once the Baby Bottles have been collected, keep the bottles intact with all money remaining in each bottle. A Caring Pregnancy Center will take the bottles to our partnering bank where each one will be individually counted, enabling us to provide individual donors with a tax receipt.
6. You may either deliver the bottles to A Caring Pregnancy Center at 500 Colorado Ave. or call 719.544.9321 to make arrangements for a representative to pick-up the bottles from the church.
7. A Caring Pregnancy Center will track the donations and provide a report to the church with the total amount raised from the Baby Bottles.
